Doc. 162
G.P.2

My dear Mr. Rajagopalachar,

There are many points of importance connected with the development work under Krishnarajasagara which have to be thoroughly investigated with a view to carry out the work as early as practicable. I -- have carefully thought over the subject and consider that it would be desirable to appoint a small Committee, with Sir M. Visvesvaraya as Chairman who could examine the various questions and make recommendations as to the best manner in which such development work can be undertaken by the Government.

SPR
27/6/26

I am enclosing a Note put up at my instance by the Secretary, Public Works Department, together with the draft of a Government Order constituting the Committee which is proposed to be issued after consulting Sir M. Visvesvaraya and the other members.

LAKE VIEW,
MYSORE.

I shall be obliged if you will kindly submit the papers to His Highness for his gracious orders.

Yours sincerely,
Mirza M. Ismail
